

PRAYER ... please make every effort to pray for

- the recruiting of new church planters
- the faithfulness and godliness of all of our pastors and the staff they lead
- the towns and cities in which our churches have been, and are being, planted
- the provision of sufficient funds to enable the work to grow and continue
- God to call out His elect as His Word is preached

As a result of a resolution passed at the 2010 Annual Conference it was decided that every pastor who wishes to plant a church (or lead an FIEC affiliated church) should be assessed by the Geneva Push organisation.

For additional information about Geneva please go to the web site at www.thegenevpush.com

FINANCIAL SUPPORT ... FIEC does not own property. It uses funds to

- provide additional money for new churches in their early start-up phase
- pay for the cost of the annual conference and help with travel expenses for long distance participants
- pay a small salary for our chaplain/staff-worker
- pay for website and promotional/advertising expenses.

Please consider how much you could **give**, either regularly or by one-off donation. This will enable the work of FIEC to expand and for new churches to commence.

Fellowship of Independent Evangelical Churches

FIEC began as a small group of evangelical pastors who had the simple aim of encouraging one another to proclaim Christ and plant more churches.

The first annual conference was held in 2004 when some pastors, wives and friends met together to pray for each other and the churches they represented.

In 2010 the conference had over 140 people in attendance, representing thirteen member churches across Australia.

We need your help!

FIEC is aiming, with God's help, to plant 100 churches across Australia during the next 15 years.

FIEC has developed these three aims:

Encouraging

- the provision of support for the continual planting of independent evangelical churches
- the member churches to ongoing faithful evangelical ministry
- mutual support between independent evangelical churches

Facilitating

- regular fellowship between pastors and churches
- access to enable the sharing of resources employed in planting, managing and operating independent evangelical churches
- the recruitment, training and employment of staff of independent evangelical churches
- the movement of staff between FIEC and other evangelical churches

Promoting

- the ministries of independent evangelical churches
- The establishment of new FIEC churches
